

Adicionando uma tabela

1. Com um artigo aberto, no Editor de Texto, posicione o cursor onde será inserida a tabela e então clique na aba **Tabela**, depois vá no item **Tabela** e defina o tamanho da tabela.

The screenshot shows the text editor interface with the 'Tabela' menu open. The menu options are: 'Propriedades da tabela', 'Excluir tabela', 'Célula', 'Linha', and 'Coluna'. A 4x3 grid is visible in the background, indicating the table size. The text below the grid is: 'It is a long established fact that a reader will be... its layout. The point of using Lorem Ipsum is... opposed to using 'Content here, content here',... packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (Injected humour and the like). UFAM'.

2. Após a criação da tabela, redimensione-a para o tamanho desejado.

The screenshot shows the text editor interface with the table being resized. The table is now 4x3. The text below the table is: 'packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (Injected humour and the like). UFAM'.
